Main Frame - 2"x3" Angle

The Doolittle Woody is a super versatile utility trailer. Tough enough to handle a variety of jobs, this trailer is ideal for home and garden use, but tough enough to use for light duty commercial purposes. Our 4' mesh gate is built tough to help you get your payload aboard, yet folds flat to the deck to help maximize fuel economy when you pull it empty. The Woody is built to last and loaded with features to make them the best value trailers in their class on the market.

Trailer Width
BETWEEN
Wood Sides is 2"
Smaller Than Total
Trailer Width.
(Example 77" Wide is 75"
wide between the wood
sides)
